by pay the monthly fees to Dr Walsh, if all that he has to do is simply to sign the certificates which is more being done by Mr Parliamentary.".

4 The exact nature of work done by Dr Walsh may perhaps be ascertained from the Dis. and the views of the S-O. Brand obtained.

5 Submit for orders, with papers.

Lib. 26.4.33.

6 The Comptroller's suggestion that Dr. Walsh may be paid at once Rs 15,000 and his services terminated & that he be paid Rs 250 every month deserves careful consideration. Dr Walsh is now doing no work for us & the Fact & Certificates signed by him are no longer insisted upon by the buyers qua.

7 If approved the Director of F will be requested to examine & report as to make early.

For Comptroller.

SAM

Letter No. 510/IAD. dated 25th October 1932 from the Comptroller Mysore Government, Bangalore, to the Secretary to the Government, Development Departments, Bangalore.

I have the honor to forward herewith copies of marginally noted correspondence that has passed between the Director of Sandal Oil Factories in Mysore, Bangalore and myself, regarding the payment of fees of Dr. Watson of the Indian Institute of Science, Consulting Chemist of Sandal Oil Factories, appointed by Government in their Order No.4160-1/A&C.80-15-69 dated 6th December 1916 and to raise for the consideration of Government the question whether it is necessary to continue to pay the monthly fee of Rs.250/- to the Consulting Chemist in the Indian Institute of Science.

It was stated in the Director of Sandal Oil Factory's letter No.2543 dated 18-12-31 the Assistant Superintendent of Sandal Oil Factory, a qualified chemist is competent to certify the certificates of analysis and such certificates are recognised in the foreign countries, it would be prima facie superfluous to pay the month fees to Dr. Watson, if all that he has to do is simply to sign the certificates, which is now being done by Mr. K. Parthasarathi.

The monthly payment of Rs.250/- works out to more than 20 per cent per annum on the lumpsum of Rs.15,000/- which is payable to the Doctor in full settlement under agreement, if his services are terminated. The cash bonus of Rs.15,000/- will have to be paid in any case under clause 9 of the agreement, at the time when the Doctor leaves India permanently and it would be therefore advantageous to Government if his services are terminated now by paying the cash bonus and the monthly payments saved.

I request the favour of orders of Government being communicated early in the matter.

With reference to your letter No. 1998 dated 5-11-31, stating that a copy of the agreement with the Consulting Chemist, Dr. Watson, was sent in 1916, for safe custody in the State Huzur Treasury, Bangalore, I have the honour to state that the Officer, State Huzur Treasury, informs that the agreement is not traceable there and the correct date of lodging and also the safe custody number may be intimated to him for tracing the same To avoid delay in passing the bill of Dr. Watson for September 1931, here with returned, I request that you will be so good as to send ~~it~~ very early for reference the original agreement or a copy thereof, filed in your office, with the bill for September 31. It may also be stated whether Sandal Oi was analysed by Dr. Foster during the month of September '31, as observed n this office Memo No. 20/IAD dated 31-10-31.

.....

With reference to your letter No. 522/IAD dated the 23rd November 1931, I have the honour to enclose herewith copy of the terms of the agreement of the Consulting Chemists as sanctioned by Government in their order No. 4160-1/ A&C 80-15-69 dated 6-12-1916. As stated by me the original copy was sent to the officer in charge of the State Huzur Treasury, Bangalore with this office letter No. 1018/1 dated 30-12-1916, and I have not been able to trace out from my files the safe custody number.

On a perusal of the terms, it will be seen that no period has been fixed in regard to the termination of the agreement. Clauses 8. 9 and 10 regulate the procedure to be observed when they are absent from Bangalore for over seven months. Dr. Watson during his recent absence on privilege leave for 6 months had arranged with Dr. Forster to sign the certificates on his behalf. Samples of Sandalwood Oil were continued to be sent as before till a short time after Dr. Watson left on leave, when the Trade Commissioner was enquired (with the knowledge of Government) if the certificates in future may not be made out by one of our own chemists employed in the Sandal Oil Factory. As it is understood from him that what is required by the customers is the certificate under the signature of a qualified chemist, Mr. K.Parthasarathy has been instructed to sign all the Analysis Certificates in future. S.O.F. 4-31(1-2). (S O F 4-31-2). X

As regards the consulting fees to be paid to Dr. Watson, I have to state that according to clause 10 of the agreement he has to be paid a cash bonus of Rs 15,000/- before the agreement could be terminated, and until this is done the fees will have to be continued to be paid to him. I therefore request that you will kindly arrange to audit his bills for September and October '31 very early to enable me to arrange payment.

With reference to your letter No. 2543 dated 18th December 1931 stating that it is enough if the certificates are made out by one of our chemists in the Sandal Oil Factory and that therefore Mr. K. Partha sarathy was instructed to sign all the Analysis Certificates in future, I have the honour to state that from the agreement of December 1916 it seen that the duties of the consulting chemists are (a) to undertake all such investigations as are necessary to put the scheme on a commerc basis, (b) to be responsible for the purity of the oil manufactured and to issue such certificates as are required and (c) to train suitable men to undertake the necessary chemical control of the work.

2. In the last para of your letter under reply you have stated that the consulting fees will have to be continued to be paid to the consult chemist until the cash bonus of Rs 15,000/- is paid to him according to clause 10 of the agreement. I beleive that the consulting chemist is not at present being called upon to do any of the duties enunciated in (a) and (c) ahove.

3. If all that the consulting chemist has to do is merely signing of Analysis Certificates which could be done by Mr. K.Parthasarathy, as stated by you, the payment of the fee of Rs 250/- per mensum is on the of it superfluous, and the best way of safegaurding the future interest of Government will have to be considered early as the continuance of the payment of the fee is equivalent to a payment of interest at 20% per annum on the cash bonus of Rs 15,000/-

A very early reply is requested.

==========

Continuance of the appointment of Consulting Chemists.

Referring to your letter No.4770 of the 12th May on the above subject, I write to state that I agree with the views expressed in this office letter dated the 1st June 1931.

I have not received any objection from any customer in respect of the Certificates now sent by you and signed by Mr. Parthasarathi. I do not think that certificates signed by Dr. Watson, or issued through the Indian Institute of Science, would have greater validity if the customer is dissatisfied wit the quality of the oil. According to the terms of our contrac a customer is entitled to have a dispute regarding quality referred to arbitration.

Although it is not important to continue the appointment of Consulting Chemists, it is essential that the tests in our own Factory should be thorough and as accurate as possible.
